

ŠK VAZKA invites you to

The Small Carpathian Adventure

WHAT IS IT ALL ABOUT:

MA-KA-DO is an orienteering biking event in pairs. During the time limit (parent + child category - 120 minutes, other categories 180 or 300 minutes) couple should gain the maximum points by visiting as many check points (CP's) as possible with higher point value. The route is chosen by the couple alone depending on their shape, orienteering skills and value of each of the CP's. The list of values of the CP's will be given to the bikers after the start, map with marked CP's at the presentation. If the couple does not meet the time limit, 2 penalty points will be deducted from the sum for every minute begun (for the period of first 10 minutes after exceeding the time limit) and 10 penalty points will be deducted after coming to the finish later then 10 minutes after the time limit. If the couple exceeds the time limit of more then 30 minutes, it comes to their disqualification. Rang will be determined by the sum of the achieved points minus deducted penalty. If two couples have the same score, the one with less penalty points would be placed better.

WHEN AND WHERE:

Saturday, **2008 October 4th** in amphitheatre Raca, Knizkova dolina – Bratislava
The event will take place in the forest of the Lower Carpathian Mountains.
